For the total number of 2821 villages in this District, 1415 Villag... ...anchayats and 170 hamlets had to be consti... ...ted, of which 1405 Village Panchayats and ...hamlets were actually constituted by the end of the year and ...remaining 10 Panchayats for Inam villages in the Devanhalli ...Taluk have since been constituted during July 1928. ...eetings. The accompanying statement ... Form 101 shows ...the number of meetings held by the several Panchayats in ...strict. The average attendance of members ranged from 5 to 7. ...The largest number of meetings viz. 109 was held in the Anekal ...luk and the least in the Devanhalli Taluk, 92. Adequate attention ...as not been paid by the Amildars and Village Panchayat Inspectors ...uring the year and every endeavour should be made to see the ...very Panchayat holds its meetings regularly once in a month. The ...Amildars should arrange to obtain copies of proceedings every ...month from all the Panchayats.

Elections. 5396 members were elected in all the Panchayats in the District. The privilege of electing their own chairman had bee... ...conferred on 156 Panchayats and all of them elected their chair... ...men. 17 Important schemes under consideration of the Panchayats. Somanahalli Village Panchayat in the Kankanhalli Taluk and Haragaddé, Attibele, Dommasandra, Bidarguppe and Jigani Panchayats in Anekal Taluk have been considering to provide their villages with electric lights. the scheme. The Amildar of Anekal will submit suitable proposals early in the case of Attibele and other Panchayat

19. Remarks. The reports and the statements pertaining to the Taluks of Bangalore, Devanhalli and Closepet have not been prepared under the prescribed headings furnishing full details. From the statistics it is seen that the work in the Anekal Taluk is satisfactory in every respect. The collection work has not been promptly attended to in many Taluks and much effort is necessary on the part of Amildar to see to the better collection work. The arrears are ver heavy in the Taluks of Kankanhalli, Chennapatna, Magadi. Bangalore, Closepet and Nelamangala. The Sub-Division -- Officers are requested to issue necessary instructions to the Amildars and obtain progress of collections every mon and review the statements. Every effort should be made t collect the entire amount before the end of December 1928 An earnest attempt should be made to improve the finances of the Village Panchayats, the Government grant being -- limited. can only help them to a limited extent.

During the District Conference held in the 1st week of July 1928, the good work turned out by some of th Panchayats was recognised by awarding Silver and Gold meda

The annexed statement form No:XI shows the income of Village Panchayets from several sources which amounted to Rs 1,46,676 as against Rs 59,873 of the previous year The increase is due to the fact that all the Panchayets were in full working order during the year and that the preparation of the assessment lists were completed.

Taxation:- No fresh imposts were sanctioned during the year.

The Amildars of Kolar, Malur and Goribidnur Taluks have shown in Statement Form No:14 that a sum of

Rs 148/- was realised during the year under Sec.37 of the Village panchayet Regulation. They have been asked to report the detailed particulars of this amount, with a view to ascertain whether the levy was authorised.

Demand, Collection and balance.

The year began with a total demand of Rs 2,36,471 including arrears of Rs 73,616. A sum of Rs 1,62,855 was collected during the year leaving a balance of Rs 1,03,767 at the end of the year (Vide Appendix Form No:14).

The collection work cannot be said to be very fair in view of the fact that the villagers have not yet become fully reconciled to the new imposts and that they have not yet completely understood the benefits of the Scheme. Every endeavour was made by the local authorities to explain to the Villagers the advantage of this new Scheme.

Expenditure

Appendix Form No:12 gives the particulars of expenditure during the year under report.

Increased expenditure is due to the supply of uniform Rubber Stamps , the contribution towards journals and the conferences and the payment of Pound Commission in ing arrears, during the year.

Closing balance.

Appended Form.13 shows the details of the closing balance of all the Panchayets

Progress in Sanitary ar

Local officers took great interest in preparing programme of works for the removal of prickly pears and for filling insanitary pits, for selecting sites for dumping manure and for drainage of stagnant pools to a safe distance from villages. Several Village Panchayets employed paid sweepers to attend to Sanitation work of Villages but in a good number of Panchayets. sanitation work was attended to by communal labour as well as by the householders themselves. Some Panchayets contributed towards the maintenance of Ayurvedic Dispensaries in their respective Panchayet areas and some assisted the medical officers in inoculation work.

The undersigned in the course of Village inspections got prickly pears removed and insanitary pits closed in several Villages under personal supervision.

Progress in the Execution of Public Works.

A sum of Rs. 6500 was allotted to this District for "Rural Reconstruction." This was distributed among the several Village Panchayets and the amount thus granted was supplemented by a proportionate amount of contribution out of the Panchayet funds and was spent upon the following works:

i. Village halls,
ii. Tunnels,
iii. Road dams,
iv. Culverts,
v. Roads.

Works done by the State Public Works Department.

Lapses under P.W. Works.

State of Water supply &c.

A sum of Rs. 7,000 which was alloted to this District for Drinking Water wells was distributed among 35 villages. Out of this a sum of Rs. 2,398 was spent upon construction of 11 wells for the use of Adikarnataks and the remaining sum of Rs. 4,602 was spent for the construction of 24 wells for the use of the ryots in different villages.

Just at the close of the year, a sum of Rs. 2,500 was allotted to this District for works of "Rural Reconstruction This amount was distributed among some very old and incomplete works.

Cattle pounds.

A sum of Rs. 6,035 was realised during the year from Cattle Pounds as against Rs. 1,300 of last year, the increase being due to the increase in the number of Cattle Pounds.

Important Schemes &c.

Many Village Panchayets were well impressed about the need for engaging free labour to improve the condition of the Villages. Printed circular instructions for the enforcement of weekly labour and the proper working of

Sanitation Regulation were distributed broadcast and many Panchayets have passed resolutions and given effect to the above instructions.

Six villages as noted in the margin were selected for conversion into Model villages. Bethamangala village was also selected for a model village during the year under report.

GEN. & REV. SECTT
22 NOV. 1928
L. & G. BRANCH

No. Per. 160-28.

Office of the Deputy Commissioner,
Mysore District.
Dated, Mysore, 29th September 28.

2273

Constitution of Village Panchayets.

At the beginning of the year under report there were 1839 Village Panchayets. During the year there was one less, the Belakavadi Village Panchayet in the Malavalli Taluk having been constituted into a Municipality and 6 additional Panchayets were constituted, 5 on account of splitting of group Panchayets and 1 new Katnal in the Yedatore Taluk which had been left out in the past year. There was thus a total number of 1844 Village Panchayets at the end of the year.

The number of villages under jurisdiction of the Panchayets in the District is 2873. The number shown in the last year was 2818. The only real addition to and subtraction from that number is the addition of Katnal village in the Yedatore Taluk which had been left out in the last year and the subtraction of Belakavadi village in the Malavalli Taluk which was made a Municipality. The net perceptible increase in the number of villages is due to the fact that some depopulated villages which had been left out of account were included under the jurisdiction of the neighbouring Panchayets. Some of the Amildars have still not included the depopulated villages in this statement. They are requested to include them and make the total agree with the total number of villages in the District.

The Panchayet in the Mandya Taluk was cancelled temporarily for 2 months as it did not

~~function~~

function properly owing to party spirit among the several members It is ~~non-~~ managed by Government.

A few Panchayets were strengthened on their own recommendation by the addition of nominated members. The strength of the Panchayets for the District was 15,189 comprising the elected and nominated members at the end of the year. It was 14561 last year. This large variation is due to the fact that the number given last year in the reports of the Taluks of Yedatore, Hunsur and Mandya were not quite correct.

Meetings.

The total number of meetings held by the several Panchayets during the year was 5830 made up of 5525 ordinary, 25 adjourned and 280 special meetings as against a total number of 2418 in the previous year. The average attendance of members ranged from 3 to 6, the District average being 3:7.

Panchayets as noted in the margin did not hold any meetings at all during the year. Similar information has not been furnished in the reports of the other Taluks. Probably there are some Panchayets in those Taluks also which have not held any meetings. The Amildars and Sub Division Officers are requested to rouse such Panchayets to activity

Seven hundred and Seventy-two Panchayets have appointed Secretaries to help the Chairman in routine matters and in the rest, the Chairmen themselves have undertaken all

the

the work of the Panchayets. The statement No. 10 furnishes detailed particulars of constitution.

Financial Results.

RECEIPTS.

The total receipts for the year amounted to Rs. 1,79,257-15-0 as against Rs. 1,11,879-13-5 in the previous year. Statement No. 11 gives the details of receipts. It may be observed here that the opening balance for the year 1927-28 should have been Rs. 1,38,741-3-9 which was the closing balance of the last year. But the opening balance of the year under report is shown to be Rs. 1,53,189-9-6. This figure is reported to have been arrived at after overhauling the amounts and may therefore be accepted as correct.

Contributions received in the shape of labour either voluntary or towards adjustment of old arrears in the marginally noted Taluks have not been taken into account. Such items also should be brought on the side of receipts as well as expenditure.

Expenditure.

The total expenditure under all heads is given in statement No. 12. A sum of Rs. 65,666-1-9 was the total expenditure for the year as against Rs. 64,236-9-3 in the last year. It may be observed that the major portion of the expenditure viz., 31,028-6-5 was under "Public Works". Next comes Village Sanitation under which Rs. 12,883-1-6 was spent There are no such variations as call for any remarks.

The amount at the credit of several Panchayets at the beginning of the year was

Rs 1,53,189-9-6. Taking the receipts and expenditure as per statement No. 11 and 12, the closing balance at the end of the year was Rs 2,66,781-6-9. Out of this amount, a sum of Rs 206-5-0 of the Akkihebbal Village Panchayet in the Krishnarajpet Taluk has been kept in the Local Post Office Savings Bank Account and a sum of Rs 700 of Kamplapur Panchayet in the Kamplapur Co-operative Society and the balance is in Government Treasury either in Savings Bank or under Mohatarfa head. The Amildars are requested to lose no time in transferring the Mohatarfa realizations to the respective Panchayet funds.

Taxation, fresh imposts and variations in the rates of taxes etc.

The rates of taxes and fees etc., levied in the several Village Panchayets in the District during the year under report remained the same as in the previous year.

Some of the Panchayets in the Taluks of Heggadadevankote, Nanjangud, Chamarajangar, T. Narasipur, Seringapatam, Mandya, & Nagamangala resolved to levy a tax on goats in order to control goat rearing with a view to minimise the havoc done by goats to plants. The tax was not actually levied. The resolution to levy had the desired effect.

. . . . . .

Demand, Collection & Balance.

The outstanding arrears to be collected at the end of the last year as furnished in the year's report was Rs 2,78,919-5-10. On a further scrutiny of these figures, the actual arrear was ascertained to be Rs 2,72,659-5-2 which has been adopted in this year's report.

The demand under Section 36 of the Regulation for the year amounted to Rs. 2,53,641-0-5 as against Rs. 85,597-15-7 as against Rs. 85,597-15-7 in the previous year. This increase is due to a large number of Panchayets functioning this year for the first time. There are still a number of Panchayets which have not yet levied taxes under Section 36. They are gathered to be

16 in the Mysore Taluk
27 Do. Yedatore Taluk.
1 Do. Heggadadevankote
33 Do. Nanjangud
15 Do. Chamarajangar
11 Do. T. Narasipur
122 Do. Krishnarajpet
1 Do. Mandya.

The Amildars of Seringapatam, Malavalli, Gundlupet report that all the Panchayets in their Taluks have levied compulsory taxes. The Amildars of Hunsur and Nagamangala do not clearly say how many Panchayets in their Taluks have not yet done this work. The Amildars are requested to see that all the Panchayets prepare assessment lists and levy taxes immediately if they have not already done and to start the collection work without any delay. The demand under Section 37 of the Regulation was Rs. 5,278-3-4 as against nil in the previous year. The levy of optional tax under Section 37 was mainly for improving village roads, sanitation, removal of prickly pear, deepening kattes etc.

The demand under other items which consisted of (1) transfer of Village Common Fund to Village Panchayet, (2) transfer of Mohatarfa tax in the Revenue Department to Village Panchayet Fund and the like, amounted to Rs. 47,675-14-6. The total demand for the year under report was Rs. 3,06,595-2-3 as against Rs. 1,18,117-15-1 for the previous year. Thus the total demand including the arrears was Rs. 5,78,654-7-5. For this, a sum of Rs. 1,73,207-11-7 was collected during the year as against Rs. 81,462-3-10 in the previous year, leaving a balance of Rs. 4,05,446-11-10 at the end of the year. The collection work was poorest in the Malavalli Taluk where it was Rs. 2953-12-8 for a total demand of Rs. 43,406-12-4. The Amildars and Sub Division Officers are requested to put forth their best endeavours to show better progress in the coming year. Statement No.14 showing the details of demand, collection and balance is appended.

A sum of Rs. 10,000/- was sanctioned from State Funds for Rural Re-construction in Government Order No. L. 1058-66 V.P.21-27-1 dated 23rd August 1927. The District Board, Mysore provided a similar sum for the purpose and the total sum of Rs. 20,000/- was distributed among the several Taluks for the execution of particular improvements in particular Panchayets. A sum of Rs. 950/- was granted to Chamarajangar and Seringapatam Taluks for the improvement of drains and sanitary improvements in seven villages. Almost all these works were complete by the end of the official year 1927-28 except a very few which could not be completed for want of rains are reported be nearing completion or to have been completed in these last two months.

Incomplete works which were pending after the year 1926-27 were first taken up and got executed. Almost all the works are reported to be complete except one katte in Gundlupet Taluk which could not be completed within end of the official year owing to existance of water therein.

In addition to the work executed by the help of grants, repairs to the existing kolas and kattes are reported to have been done at an estimated cost of Rs. 13500/- by communal labour.

THE REVENUE COMMISSIONER
No.

BANGALORE

To

P. G. D' Souza, Esq., B.A., B.L.,
Revenue Commissioner in Mysore,
Bangalor

Sir,

As prescribed in para 47 of the Rules issued with Government Order No. L. 4346/L.B. 26-26-127, dated the 6th January 1927, I have the honour to forward herewith a copy of my review on the Annual Reports on the working of the Village Panchayets in the several Taluks of this District for the year 1927-28 along with the six statistical statements in the prescribed form.

I have the honour to be
Sir,
Your most obedient servant

A. Panchayeza
for Deputy Commissioner,
Hassan District.

S.D.

Review by the Deputy Commissioner on the annual reports on working of Village Panchayets in the Hassan District during the 1927-28.

The Taluk reports were received in this office in the first instance on the dates noted below:-

Hassan ...	4-9-28.
Alur. ...	17-8-28.
Manjarabad. ...	4-8-28.
Belur. ...	15-8-28.
Arsikere. ...	28-8-28.
Chennarayapatna.	13-8-28.
Hole-narsipur.	10-8-28.
Arkalgud.	13-8-28.

In spite of strict orders issued to the Amildars for the correct preparation and submission of their reports by the 10th August 1928 none of the Amildars except those of Manjarabad and Holenarsipur Taluks submitted their report in time and in a complete form, the report last received being that of the Hassan Taluk on the 4th instant after repeated reminders. Besides the belated submission of report, the statistical statements furnished by the Amildars particularly of Hassan and Arkalgud Taluks and the Alur Sub Taluk were defective in many respects and the figures given therein were also incorrect, with the result that the reconciliation and consolidation of figures contributed to further delay. It is observed that the report of the Amildar, Manjarabad Taluk is not in the prescribed form. While the accounts furnished by the Amildar of Arkalgud are still incorrect and do not give information under many important headings. These accounts will be returned to the Amildar for rectification and the explanation of the Taluk officials responsible for such slip shod and careless work will also be called for separately and due notice taken of their conduct.

Constitution of Panchayets, Meetings &c:-

Out of 1184 Village Panchayets established in the District, 3 of the Chennarayapatna were transferred to the Tiptur Taluk, territorial jurisdiction over the villages comprised in these Panchayets having been transferred to that Taluk as per orders of Government. Thus, there were only 1131 Panchayets in the District at the end of the year. The constitution of all the sircar Village Panchayets and most of the Inam Village Panchayets was completed before the end of 1927-28 and action is since being taken to finish the constitution of the remaining Inam Village Panchayets also, which could not be completed so far owing to the delay in the receipt of the Inamdar's consent.

There are 75 Village Panchayets conferred with the privilege of electing their own Chairmen, 72 of them exercised their franchise during the year. In one case, the Chairman was nominated by the Deputy Commissioner owing to the default of the Panchayet to elect. Information has not been furnished by the Amildars of Belur and Arkalgud Taluks as to the No. of Panchayets who have appointed Secretaries. In the other Taluks, 810 Panchayets have appointed Secretaries. The No. of elected and nominated members of the several Panchayets on the last day of the year under report was 5395 and 2610 respectively against the sanctioned strength of 5437 & 32(respectively, the difference between the sanctioned strength and t No. actually existing being due to the vacancies on the several Panchayets, both sircar and inam, at the end of the year. The No. of meetings held during the year was 2187, the largest No. being 557 in the Hassan Taluk. None of the Panchayets in the District held the prescribed No. of monthly meetings and the average attendance of members also at the meetings held was poor. The necessity and importance of holding meetings periodically should b brought home to the Panchayets and they must be asked to show better results in this behalf during the current year.

Finances:-

3. The year opened with a balance of I.Rs.192-9-11, and the

receipt and expenditure during the year amounted to Rs.1,02,989-2-1 and Rs. 20,558-13-1 respectively leaving a balance of Rs 1,30,612-14-7 at the end of the year under report. The chief source of income were (1) Taxes levied under Sec. 36 of the V.P. Regulation, (2) Cattle Pound realisations & (3) grants and contributions from Govt. and others. As regards the expenditure, it is observed that besides the charges on account of public works, lighting, collection of taxes, water supply and sanitation, and other obligatory items, some panchayets have incurred expenditure on account of conservancy and office establishments and office contingencies. The scale of expenditure of Establishments and contingencies has not been fixed and sanctioned by competent authority. The Amildars, who were asked a long time ago to submit their proposals in the matter have not responded so far but have allowed the Panchayets to incur the expenditure on these accounts without proper sanction. This is highly objectionable. They must expedite their reports and obtain orders in this behalf without further delay.

From the statement No. XII, hereto attached it is seen that the balance at the credit of the Village Panchayets in the Arsikere Taluk was the largest and that in the Holenarsipur Taluk was the smallest, being Rs. 40,517-7-11 and Rs. 7,222-9-2 respectively. Except in the cases of old Panchayets, which have some accumulated surplus balance of previous years, the financial position of the Village Panchayets is very poor. To augument their resources, it was proposed that the weekly shandy realisations may be transferred to the funds of the Village Panchayets instead of to the District Board as hitherto, and that the funds of the defunct Taluk Boards may also be similarly given away to the Village Panchayets. Both these questions are pending orders of Government. In this connection, it may also be mentioned that some Village Panchayets proposed to hold cattle shows and levy fees on shops etc on such occasions for the benefit of the Panchayets concerned. But under the recent orders of Government No: 25586—24 P.W.&L.-24-59 dated 14.8.28 the management of cattle shows vests in the Economic Committee of the District Board, which has no concern whatsoever with the Village Panchayets. In the interests of Village Panchayets, it is desirable that such of the Panchayets as are competent to manage the fairs, cattle shows etc., may be permitted to hold the same within their respective jurisdiction and the realisations allowed to be credited to their funds.

Demand, Collection and Balance of Revenue:-

Exclusive of the figures of the Arkalgud Taluk, which have not been furnished by the Amildar, the outstanding arrears at the beginning of the year amounted to Rs. 55,142-13-7, and the total demand for the year including the current years assessment of Rs. 1,53,643-11-6 was Rs. 2,08,786-9-1. Of this, a sum of Rs.71551-9-10 or 34.7% of the demand was collected, leaving a balance of -- Rs. 1,37,234-15-3 at the end of the year. The outstanding balance is heavy in all the Talukas particularly in Arsikere, Hassan, Channarayapatna and Belur Talukas, the heavy balance being due to the accumulated arrears of the old Panchayets of previous years. The collection work was not satisfactory in any of the Talukas in the district during the year under report. It is hoped that the Amildars will interest themselves in the collection work and show better results during the current year. Under G.O. No. R 548-57/ V.P. 1-28-16 dated 27-7-27 the local Patels and Shanbhogues should be employed on collection duty as already directed and the responsibility of the Village Panchayats for collection of revenue should be brought home to the Chairmen, with a strict warning that they would be held personally responsible for any loss resulting on account of their neglect of duty to collect the taxes in time. The Amildars should systematically check the collection during their tours in the Taluk and take prompt action for recovery in all cases of default.

Public Works with special reference to water supply Sanitation and drainage etc:

5 During the year under report, the Government were pleased to sanction out of state funds a grant of Rs. 3000/- for Rural Reconstruction and of another sum of Rs. 5000/- for Drinking Water Wells. Out of the allotment of Rs. 5000/- sanctioned for drinking water wells, an amount of Rs. 2000/- was given away to the District Board for Incomplete Well works of previous years and the balance including the grant sanctioned for Rural Reconstruction was distributed among the several Village Panchayets for carrying out public works and wells within their respective jurisdiction. In some cases, the state grant was supplemented by Village Panchayet Funds and also people's contribution. Four new wells for Adikarnatakas and 6 for villagers as a whole, estimated in all at Rs. 5487/ were sanctioned during the year, in addition to some petty repairs of wells. Of these one well work in the Channarayapatna Taluk was completed and the others were in progress at the end of the year. Some Village Panchayets undertook some works of 1.construction of village halls, 2. tunnels, 3. Cattle Pounds, 4. Road repairs and 5. Drainage works. The total outlay on public works during the year amounted to Rs. 7853-4-3.

As regards the Sanitary arrangements, the Panchayets were established newly could not do anything in this direction for want of funds. By weekly labour some Panchayets got lantana clearing done to some extent. Manure pits were filled up in some villages. In some villages, roads and earthen drains were constructed. The total value of work done under the weekly labour system is estimated at Rs. 7181/- as detailed in the margin.

In some of the old Panchayets, the conservancy staff was continued The work done by the several Panchayets in the matter of sanitation can not be said to be quite satisfactory. The Village Panchayets must pay more attention to the improvement of sanitation in their respective jurisdiction. Better results can be achieved only by popularising the weekly labour system more vigorously than at present. The Amildars of Taluks should see to this.

Contribution from private persons and grants from Government and Dist., Board and their utilisation:-

6. Information has not been furnished by some of the Amildars as to the amounts of private contributions and of grants from the District Board. It seems that there was no contribution made by the District Board during the year under report. The grants from Government are reported to have been utilised in the majority of the cases in the district. The Village Panchayets should see that the grants are properly utilised during the year in which they are sanctioned.

Cattle Pounds:-

7. The Amildar of Manjarabad Taluk has not furnished the No. of Cattle Pounds working in his taluk. Exclusive of this taluk, there were 60 cattle pounds in the other taluks of the District and one was newly sanctioned at Yemasandi in the Belur Taluk during the year under report, thus making a total of 61 cattle pounds. The income and expenditure under "cattle pounds" during the year amounted to Rs. 6258-14-3 and Rs. 136-0-7 respectively. As the cattle pound is one of the chief sources of Panchayet revenue, the Village Panchayets should take action to improve the efficiency and revenue of the existing cattle pounds and to establish new ones wherever necessary.

Important Schemes under consideration:-

8. There were no special schemes under consideration during the year under report. Special measures are necessary for improvement of sanitation and water supply in rural areas. Eradication of lantana and other prickly pear from at least the inhabited portions in villages calls for immediate attention and propaganda work has to be done in this behalf. Definite programmes of work are called for and will be undertaken. The Village Panchayets will.

[illegible] proposals for drastic action early. It is strange that there was of a single case of prosecution under sanitary and other provisions f the Village Panchayet Regulation during the year.

G e n e r a l:-

The Village Panchayets having been established a year and a half go, they are in their infancy and stand in need of great financial hel nd guidance. As regards the financial help, it may not always be ossible to make a liberal grant from state funds, in as much as the illage Panchayets being autonomous local bodies, they cannot be tackle together with another local body in matters of finance and they must e given their own funds to carry out the propaganda work of rural re- nstruction at their own discretion. With this end in view, it appea esirable that some minor items of revenue realised in villages, such a (1) sale of fishery (2) sale of sites in gaytanas (3) weekly shandy rea lisations (4) cattle show realisations etc., should be transferred to t anchayets and the District Board, who take away the local cesses rea- lised in rural areas to their credit, asked to part with some portion of their own funds as Contribution to Village Panchayets. The question of transferring the weekly shandy realisations, and the funds of the defunc aluk boards to Village Panchayets is pending orders of Government. The Government will be requested once again to view the proposal favourably and pass orders early. As the transfer of the realisations from the sale of fishery and vacant sites in villages, the Amildars should submi formal proposals for consideration.

As regards the guidance required by Village Panchayets in working the Panchayets, the undersigned is strongly of opinion that a whole time executive subordinate is absolutely necessary to help the Amildars of the taluks in the Village Panchayet administration. The Government have been pleased to extent the services of Village Panchayet Inspectors only till the end of the current official year 1928-29, and seem to have decided to do away with the posts of Village Panchayet Inspectors and entrust their duties to the Revenue Inspectors. This does not appear to be quite helpful for the efficient working of Panchayets, which have just started work and need careful handling for some years. The Revenu Inspectors cannot be expected to pay whole hearted attention to the V.P. work which is absolutely necessary particularly in the early stages. It is therefore urged that the Village Panchayets Inspectors may be continued for some years more till the Village Panchayets come to a proper working order. In this connection, it may also be urged that some clerical establishment is necessary to attend to Village Panchayet work in the District office, where there is not a single hand sanctioned for the work so far. The work is being attended to at present by one of the clerks of the general establishment which is limited. A Clerk on Rs.70/- at least may be sanctioned for the District office.

10. It is reported that the marginally noted gentlemen evinced interest in the working of Village Panchayets in the district during the year under report. The work done by Messrs. Nanjegowda, Chairman and Sudrachari Secretary of the Hosur Village Panchayet Alur Sub taluk in getting up the village road, 2½ miles long, and a school building at the village at a cost of Rs. 600/- out of private enterprise deserves mention.

Report on the Administration of Village Panchayets in the Shimoga District for the year 1927-28.

****

CONSTITUTION, ELECTION AND MEETINGS. The Village Panchayet Regulation came into force with effect from 1-2-1927. There were 17 Panchayets constituted as per Regulation of 1918, prior to 1-2-27 and all of these were newly constituted under the new Regulation of 1926. There are 2,032 villages in the District of which 75 are Inam Villages, the remaining being Sircar villages. All these were proposed to be constituted into 771 panchayets, comprising 220 Panchayets in respect of Sircar villages, 59 in respect of Inam villages and 492 Panchayets for groups of villages. 712 Panchayets were constituted during the year 1926-27 and 59 Panchayets during the year under report. The formation of Panchayets for all the Villages is completed and no Panchayet remains to be constituted in any of the Taluks. In 687 Panchayets, Chairmen were appointed by nomination and in the remaining 84 Panchayets by election from among the Members. The elections held everywhere have given general satisfaction. The Village elders and the Members of the important Communities have been represented in each Panchayet.

(ii) MEETINGS. The appended statement No. 10 shows, the number of meetings held and the strength of the Panchayets in each Taluk. 667 Panchayets held 1,368 ordinary meetings, 102 special meetings and 37 adjourned meetings. In the taluks of Chennagiri Honnali and Nagar and in the Sub-Taluk of Kumsi a fair number of meetings were held and the average attendance was also good. In most of the meetings, the subjects discussed were in connection with the preparation of assessment lists, levy of obligatory and optional taxes, etc., . In 381 Panchayets, Budget Estimates were passed and approved by the Amildar. The total number of meetings held in all was 1,507 as against 96 in the previous year. Though the Panchayets were constituted for the first time. The number of meetings held and the business conducted were not unsatisfactory.

2. FINANCIAL RESULTS. The year opened with a balance of Rs Rs 76,878-8-7 and the income during the year was Rs 64,103-9-9 thus making a total of Rs 1,40,982-2-4. The total expenditure incurred was Rs 14,414-3-3 and the closing balance was Rs 1,26,567-15-1 at the end of the year under report.

3. INCOME. The annexed statement No. 11 shows the total income derived from the several sources under fresh system of taxation. The total income during the year was Rs 64,103-9-9 as against Rs Rs 24,564-6-11 in the previous year. The increase is mainly due to the fresh system of taxation under which each house in a village is subject to taxation. A fair income is also realised from the taxes levied on vacant sites and the fines realised under the Cattle Tresspass Act.

(ii) GRANTS FROM GOVERNMENT. An allotment of Rs 6,000/- was sanctioned to this District for Rural Reconstruction work. A sum ~~sum~~ of Rs 5,435/- was transferred to the credits of 392 Panchayets as an out-right grant to augment their financial resources for carrying out works of Sanitary Improvements. A sum of Rs 565/- was also allotted for special improvements to be effected in the marginally noted villages which have been selected for special attention. It is reported by the Amildars that the Village Panchayets have contributed Rs 1,597/- to supplement the grant as required by rules and have executed works costing Rs 2,000/- by way of labour as part contribution of one-half of the cost of the improvement work for which grants were sanctioned.

Shimoga	Gajanur	100/-
Chennagiri	Erehalli	165/-
Shikarpur	Issur	100/-
Sagar	Talaguppa	100/-
Kumsi	Mandagatta	100/-
		565

5. DEMAND, COLLECTION AND BALANCE STATEMENT OF TAXES. The enclosed statement No. 13 shows the Demand, Collection and Balance of Mohatarfa realised under the new Regulation.

Out of a total demand of Rs 1,75,717-3-6 including arrears of previous years, viz., Rs 82,802-9-7, a sum of Rs 56,394-10-3 was collected during the year, leaving a balance of Rs 1,19,322-9-3 at the end of the year. The Progress of collection out of current year's demand was fair. Most of the Village Panchayets in Shimoga Taluk and Sagar Taluk have not taken action to levy the taxes. 10. GENERAL. The efficient working of the Scheme depends upon the financial resources of individual Panchayets. Earnest endeavours are being made to develop the finances of the several Village Panchayets. In order that the Panchayets may develop and work satisfactorily, it is necessary to provide for a close and efficient supervision. Official control and sympathy are essential in the initial stages and till such times as the Panchayets become fit to realise the advantages of rural antonomy and able to shoulder the responsibility. The experience gained so far justifies the conclusion that it is not difficult to persuade the villagers to pay the required taxes as they are convinced that the money raised by local taxation will be spent at their option and that they are at liberty to incur any kind of expenditure to suit the Village needs.

ORDER NO.L. 4413-21/VP 32-28-7

Dated, Bangalore, the 22nd ~~November 1928.~~ Jan 1929

Recorded.

2. The Mysore Village Panchayet Regulation came into force on the 1st February 1927 and 8863 Panchayets and 240 hamlets were constituted by the close of the year under review, 19 Panchayets and 11 hamlets alone remaining to be constituted at the end of the year.

3. The number of members elected and appointed to the Panchayets as on the last day of ~~during~~ the year was 66,638 and there were 8719 elected Chairmen in all. It is stated that information is not available for the ~~given by~~ several Districts as to the Panchayets who have appointed Secretaries, & the value of labour contributed etc., The Deputy Commissioners should see that all the required information is supplied in their reports in future years. The Panchayets met in all ~~25~~, 25,664 times. This gives an average of about 3 meetings per Panchayet and is not satisfactory. Some Panchayets are reported not to have met at all while some others did not held no meetings regularly. ~~Government hope that the offic~~

officers will examine the causes that contributed to this defect and secure better results during the current year.

4. The total income excluding deposits and advances amounted to Rs.9,24,575, of which Rs.44,470 or 5 per cent was realized from cattle pounds, Rs.1,35,385 or 14 per cent from grants and contributions, Rs.6,6,20,284 or 67 per cent from Compulsory --- taxes and the rest from other items. Mohatarfa taxes heretofore collected by the Revenue Department were abolished throughout the State and in their place village Panchayets levied the taxes prescribed under Section 36 and of the Village Panchayet Regulation. 7910 Village Panchayets collected these taxes and exercised this right/ 430 during the year under review. 436 Village Panchayets levied taxes under ~~taxes~~ Section 37 also and 2,876 Panchayets had -- agreed to contribute weekly labour for works of communal benefit. Under compulsory ~~these~~ taxes the ~~arrears at the end of the year amounted to Rs.12,01,663/- while the new demand for the year under review was Rs.11,30,330/-~~ The Collection of taxes, work is not satisfactory as out of a total demand of Rs.20,90,033 including an opening balance of Rs.7,38,574 only a sum of Rs.8,62,557 was collected. It is hoped that by the arrangement now ordered of -- entrusting the collection work to Patels and Shanbhoges there will be improvement in -- collection. Village Panchayet should be asked to make satisfactory arrangements in the matter and in cases of neglect or inability to promptly recover the dues, vested under Section 40 should be in time in order to obviate accumu

of arrears.

5. Including the opening balance of Rs.7,57,509/-), the amount available for expenditure amounted to Rs.16,98,482 of -- which Rs.2,80,516 only was spent during the year. The expenditure excluding deposits and advances amounted to Rs.2,70,100 of which Rs.1,05,979 or 39 per cent was on -- public works, Rs.47,248 or 17 per cent on conservency and sanitation, Rs.30,483 or 11 per cent on water supply, Rs.22,556 on 8 per cent on office charges and the rest on other miscellaneous items of expenditure. It is observed that some of the District Boards contributed towards the Rural Reconstruction work and Drinking Water Wells in their area. The closing balance at the end of the year amounted to Rs.14,17,966 of which Rs.8,33,70[illegible]/- was the balance under service heads. All emphasis should be made to spend this balance on -- utilise Panchayat funds for improvement works according to approved programmes. It is understood that the Revenue Commr Officers has issued suitable instructions in the matter.

It is necessary & desirable that each panchayat should draw up list of major & minor wants, including say a dozen items each, and concentrate effort on satisfying these wants first

6. The temporary staff of Panchayet Inspectors sanctioned to help the Amildars in the supervision and control of Panchayet was contributed during the year and in order to secure better supervision of It has been decided to dispense with this staff and -- entrust their work to the Revenue Inspector from the beginning of the next official -- year.

7. The following matters are [illegible] the attention of the Revenue [illegible]

1. Contribution of hamlet

Malnad in places ~~not favourable for~~ where difficulties with the formation of Village Panchayets.

(2) Appointment of Honorary Organisers.

(3) Entrusting Village Panchayets with the charge of Village forests for planting honge trees.

(4) The starting of a Panchayet Bulletin

~~These matters may be pursued and brought to a successful issue.~~

8. Government are glad to note that during the short period of 17 months the Village Panchayet scheme was in force, ~~it much~~ some tangible progress was achieved partly through the exertions of the officers of the Revenue Department and partly through the Copoperation of the local people of whom a large --- number evinced conspicuous practical interest in the administration of the Panchayets and that with detailed programmes for each Panchayet there is every likelihood of substantial work being done in future.

But it is learnt that in a large number of these Panchayets are not functioning properly and have not taken up their duties seriously. The collection of taxes and the judicious administration of Panchayet funds should receive closer attention. It is hoped that the help offered by honorary organisers and Revenue officers will help to stimulate the Panchayets to take an increasing interest in the work of moral improvement.
